

## **Ambit Energy Hosts 5th Annual Simulcast, Announces Expansion in New Markets and Solar Partnership**

DALLAS – January 26, 2014 – a leading retail energy provider of electricity and natural gas in deregulated states across the country, hosted its Simulcast 2015 event on Saturday, January 24. The event was hosted live in two cities, Dallas, Texas and Newark, New Jersey, and live streamed online for the first time for over 16,000 registered Consultants. The 5th annual conference provided Ambit Energy Consultants with a day of training, motivation, important announcements and special messages from top Consultants and Ambit Energy's Co-founders.

"Simulcast 2015 set a new attendance record for Ambit Energy as the largest event in our history," said Chris Chambless, Co-founder and CMO for Ambit Energy. "With unprecedented enthusiasm for our business model, we expect 2015 to be a remarkable year of growth and expansion for the company."

The biggest announcement at the event was the expansion of service areas in Massachusetts, New Hampshire and Virginia. The company will add electricity services in National Grid and NSTAR territories in Massachusetts, electricity services in Unitil, NHEC and Liberty Utilities territories in New Hampshire and natural gas services in the Columbia Gas territory in Virginia. Ambit Energy will begin accepting customer enrollments in these areas this spring, and estimates 3,026,800 potential customers in these new markets.

Ambit also announced a new partnership with Sunrun to provide solar solutions to new and existing Ambit customers in California, New Jersey, New York and Massachusetts. Enrollments for these new offers will begin in the second quarter of 2015.

### **About Sunrun**

Sunrun pioneered solar as a service, a way for homeowners to go solar without the high upfront cost, and is the largest dedicated residential solar company in the U.S. Sunrun provides end-to-end service for homeowners to choose cleaner, cheaper, solar energy and fix their electric costs for 20 years. The company designs, installs, finances, insures, monitors and maintains the solar panels on a homeowner's roof, while families pay just for the electricity at a lower rate than their current utility. Since Sunrun introduced solar as a service in 2007, it has become the preferred way for consumers to go solar in the nation's top solar markets. Sunrun has deployed more than \$2 billion in solar systems and has raised more than \$300 million in equity capital. For more information please visit: [www.sunrun.com](http://www.sunrun.com).
