

Save Every Time the Sun Rises with Ambit and Sunrun

Affordable Solar for Your Home, Brought to You by a Name You Trust.

Here are just a few of the benefits that make a solar lease from Sunrun such a bright choice:

- a low, locked in rate can save **20 percent off your electricity bills*** over the life of your solar lease agreement
- no-hassle financing including plans for little to **zero down**
- **they take care of all paperwork**, installation, insurance and maintenance for the duration of your agreement
- **all you pay for is the power**, not the panels
- a **custom solar system** designed for the energy needs of your home
- a system that's as **good for the earth** as it is for your wallet

Best of all, you can sign up for solar through your local Ambit Energy Independent Consultant, the same person you already trust for your traditional energy needs.

Current Markets

Solar is now available in California, Massachusetts, New York and New Jersey. Start saving today.

How to Go Solar.

Here are a few questions to consider if you're thinking about going solar:

- Own your own home?
- Have high electricity usage?
- Have a roof with good sun exposure?

If you answered "yes" to these questions, then it's time to think about solar.

Why Sunrun?

- Worry-free service** — they handle everything
- Certified experts** — Over 75,000 customers nationwide
- Credibility** — Nearly two decades of installation experience

*Savings claim based on average Sunrun contract signed before September 15, 2014, payment by automatic debit, and an assumed annual utility rate increase of 3.5%. Actual savings will vary. Savings depends on several factors, including product type, system production, geography, weather, shade, electricity usage, and utility rate structures and rate increases. See sunrun.com/save20 for details.
